

Rockwood

2,400 square feet, 36' x 40'

A great family home – no matter where you decide to build. A classic style and beautiful design, the Rockwood is chock full of storage and closet space. Three bedrooms are upstairs, including a nice-sized master bedroom. The large living room includes an alcove, and leads to the formal dining area and efficient kitchen. At 2,400 square feet, this home is a sure winner for your family.
